

# European XFEL Users' Meeting

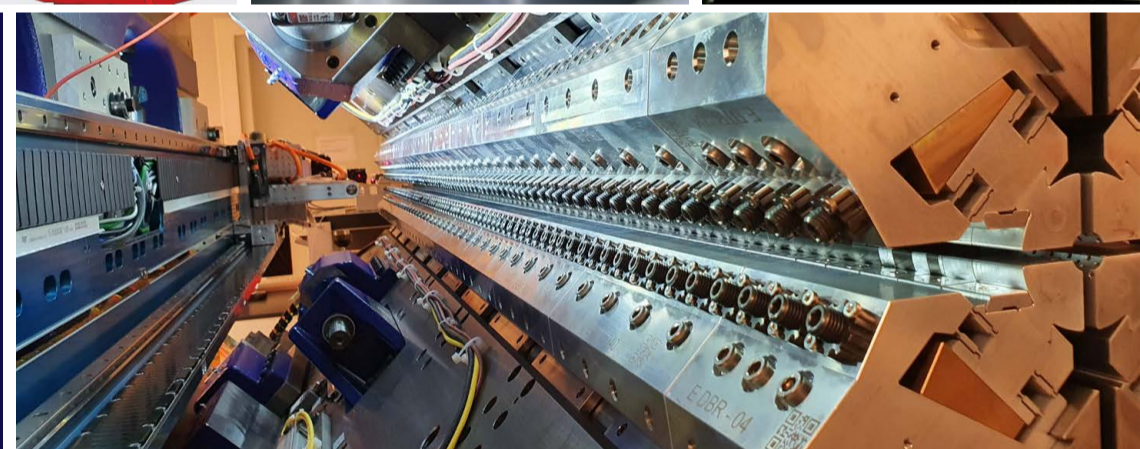

**21–27 January 2022**

VIRTUAL EVENT

The European XFEL Users' Meeting is an annual opportunity to strengthen the interaction between the European XFEL and the scientific user community. The scope of this meeting includes:

- Status of European XFEL and future directions
- Scientific highlights from all 6 European XFEL instruments
- Instrument design developments & commissioning
- Current developments in the field of XFEL facilities

## Programme

### ■ 21, 24, and 25 January 2022

- Satellite Workshops

### ■ 26 January 2022

- Facility overview and future
- Science highlights
- Poster session

### ■ 27 January 2022

- Joint session on soft X-ray FEL scientific applications
- Poster session

All satellite workshops, plenary and poster sessions are held by virtual meetings.

**DESY Photon Science Users' Meeting 2022: 21–28 January 2022**

## European XFEL Young Scientist Award

European XFEL is inviting nominations for this award recognizing outstanding contributions to research at European XFEL by researchers, in the early stages of their career.

Nominations will be selected by the User Organization's Executive Committee. The award includes an invited talk at the European XFEL Users' Meeting and a prize money. Nominations striving to showcase the work of female researchers and nominees with disabilities are encouraged.

Deadline for nominations: 15 December 2021.

For further information, please refer to [www.xfel.eu/2022um](http://www.xfel.eu/2022um)

## Scientific program committee:

S. Aplin, N. Elleuche, A. Eschenlohr (UOEC/U Duisburg-Essen), R. Feidenhans'l, M. Izquierdo, A. Madsen, A.P. Mancuso, M. Meyer, C. Milne, S. Molodtsov, S. Pascarelli, A. Scherz, H. Sinn, U. Zastra

## Local organizing committee:

K. Baranasic, S. Bertini, G. Heessel, N. Mattioli, G. Quondam, Th. Tschentscher
